

# FRIDAY NEWS<sub>18/4/2019</sub>

## Welcome to another edition of Friday News.

With lots of children either on holiday or about to go on holiday we love to see your holiday photos! E mail them to us so we can print them out, this helps the children develop their recall skills when they talk to us about the photo and what they were doing 😊

Now that the weather is improving everyday as well as welly boots you might want to also put a sunhat in their bag 😊

## Dates For Your Diary

Friday 19<sup>th</sup> April –

Good Friday **BANK HOLIDAY**

**Nursery CLOSED**

Sunday 21<sup>st</sup> April – Easter Sunday

Monday 22<sup>nd</sup> April – Easter

Monday **BANK HOLIDAY Nursery**

**CLOSED**

Tuesday 23<sup>rd</sup> April – ST. George's Day

This week in Forest school the children have been pruning the sticks from the willow house to be recycled as rods to help the seedlings grow. It is good for the children to see us reuse and recycle all of the natural materials. We have also had an Easter egg hunt where the children found different patterned eggs and used their maths skills to match them up to make shapes and patterns.

In the construction area this week some of the children began to build 'London' following on from visits they have been on recently with their families. Maria taught them a song she knew about London 'London's Burning' which led to lots of lots of questions and interesting ideas. Thank you for all of the boxes you have given us for junk modelling as the children were then able to develop this understanding of the world in the creative area by building their own models of London. We are going to continue this next week exploring the fire from the dragon for St George's day and talking about fire safety.

As our seeds continue to grow the children are now beginning to measure how tall they are, this will be tracked over the next few weeks to see which seeds grow the tallest. The children have been learning why we need to keep the seedlings in the greenhouse to protect them from the frost, they have also been surprised with how at the moment the sunflower seedlings and the courgette seedlings both look the same, hopefully we can grow the vegetables and cook them with the children so they can taste them all!

We hope you all have a lovely Easter and we look forward to seeing you from Tuesday next week!

## **Our Mission is:**

*To ensure that every child feels cared for, is stimulated and nurtured to be the best they can, encouraging children to enjoy their time at pre-school and learn something new constantly whilst giving parents peace of mind that their children are safe, stimulated and developing when in our care.*
